

## AVTEC India signs MoU with SISU Axle, Finland on 30th Nov'2018

AVTEC India signed MoU with SISU Axle, Finland for the manufacturing of their products in India for military purposes. The product range comprising of Axels and Suspension Systems will initially undergo trials and post the successful completion of the trials these would be first assembled and subsequently manufactured in AVTEC's Hosur plant.

The MoU signing ceremony was held at The Embassy of Finland, Delhi in presence of Ms. Anne-Mari Virolainen, Finnish Minister of Foreign Trade & Development, along with Ms. Nina Vaskunlahti, Ambassador of Finland in India. Mr. Vijay Haridas was representing AVTEC India.

SISU Axle is a Marmon Highway Technologies/ Berkshire Hathway company. SISU specializes in heavy duty rigid planetary reduction axle & independent suspension systems for heavy duty trucks & military vehicles. AVTEC is already engaged with SISU on two projects in India for wheeled combat vehicles.
